Name: Matt Brown

1. Do you support passage of the equality in Abortion Coverage Act, which would provide medicaid funding and state employee health insurance coverage for abortion?
Yes
2. Do you support a state constitutional amendment that would establish a legal right to an adequate, equitable and meaningful public education?
Yes
3. Do you support repeal of the state's photo "Voter ID" law?
Yes
4. Do you support requiring a fiscal impact statement for any legislation that establishes new criminal offenses or increased prison sentences for existing criminal offenses?
Yes
5. Do you support passage of legislation eliminating the sentence of life imprisonment without the possibility of parole
Yes
6. Do you support reinstatement of a law mandating that police collect data on traffic stops and searches and having an independent analysis of that data to examine racial disparities?
Yes
7. Do you support the reduction of state funding for school resources officers and a focus instead on increased counseling and mental health support services in schools?

Yes

8. Do you support the passage of legislation that would ban, except in very limited circumstances, the use of out-of-school suspensions on elementary school students?

Yes

9. Do you support the passage of legislation that would set limits on the use of “automated license plate reader” surveillance technology by law enforcement?

Yes

10. Do you support the passage of legislation that would generally bar school administrators from accessing the camera and microphone of school-loaded computers when students are outside of school?

Yes

11. Do you believe businesses should have the right to refuse goods or services to the public on religious grounds if it conflicts with state anti-discrimination laws?

No

12. Please note any police reform legislation you would actively support.

I am an active supporter of repealing the Law Enforcement Officer’s Bill Of Rights. We already have a Bill of Rights that applies to everyone, but LEOBOR provides special protections to police officers, allowing them to avoid accountability when they break the law.

I also support removing SROs from schools completely.

13. Please indicate any ways you would use your role as Governor to promote civil rights and civil liberties.

As Governor I will fight to repeal LEOBOR, free all nonviolent drug offenders and immediately expunge their records, end cash bail, end solitary confinement, ban private prisons, end the state’s cooperation with ICE, invest in mental health services and drug overdose prevention, pass the EACA, repeal the voter ID law, and protect the right to protest.

But no Governor can do these things alone. That’s why I’m running alongside Senator Cynthia Mendes, who is running for Lt. Governor, and dozens of progressive candidates for the state legislature. When we win, we will finally be able to pass legislation protecting the civil liberties of all Rhode Islanders.
